HOLY FAMILY SCHOOL EARLY CHILDHOOD

Where children learn
and grow

GOALS

The mission of Holy Family School is to support the family in the spiritual, social and academic formation of their children regardless of their religious affiliation. Our goal is to provide an integrated program that uses a “hands on” approach, using arts, music, movement education, and everyday living experiences as reinforcement for lessons being taught.

We provide a wide range of experiences for the children to help improve language skills, reading readiness, and the development of self worth and well being. We also provide a varied social environment for the children to foster interaction with their peers.

At Holy Family School, the children always get just the right mixture of schooling, discipline, values and fun.

We encourage parents to participate in several family oriented projects and fun days throughout the year in order to promote a wonderful connection between home and school.

We are a recognized leader in early childhood development in our community. Feel free to ask us or any of our families about our program here at Holy Family School.
